Industry Structure

The Indian textile and apparel Industry has been a significant contributor to the Indian economy and continues to play a pivotal role in India's growth story through its contribution to industrial output, employment generation and export earnings. The textile Industry contributes 7% to the industrial production while its share in Indian exports stands at a significant 15%. The Indian textile Industry contributes 2% to India's GDP. India is one of the few countries with a complete and integrated textile value chain having production at each level of textile manufacturing with an overall annual growth of 13.58%. The textile Industry is labour intensive and is one of the largest employers. The Indian textiles Industry, currently estimated at around 150 billion dollars approx is expected to reach US\$ 250 billion approx by 2019. The Industry is the second largest employer after agriculture, providing direct employment to over 45 million. Moreover the use and application of polyester is increasing day by day replacing far more expensive fibers.

Strength and Opportunities

Ambition of the Government of India to make India a hub for textiles will create an opportunity for your company to perform better in the coming years also various initiatives provided by the Government will help to boost the textile Industry;

Make in India campaign;

Large overseas and domestic market: Increase in consumption pattern of polyester across the country and even globally will give a boost to the polyester yarn market also the use of polyester yarn as a affordable substitute of much other manmade and natural fibres has led to the increase in consumption of polyester yarn world over;

Abundant raw material availability;

Low cost skilled labour;

Promising export potential;

Location Advantage: Silvassa is well connected & close to Big textiles markets like Surat, North India & Bhiwandi;

With GST Implementation the organised sector is in the advantage.

Weakness and Threats

Fragmented Industry;

Cost competitiveness and low margins: Due to severe recessionary trends which are continuing in the developed countries, unit realisation of products may continue to be under pressure;-

Technological obsolescence in weaving and spinning sector;

Competition in the domestic as well as world markets specially from China;

BLUE CHIP TEX INDUSTRIES LIMITED

Problems of power yet prevail: Severe power shortage in some of the states will remain a big threat for the utilisation of the plant and equipments due to shortage of power, the utilisation may drop severely and hence volatility in yarn prices may continue;

Increase in Labour wage rate on an average by 10-15%.

Increasing input costs i.e. power, finance and logistics;

Volatile government policies;

Fluctuation in Crude Oil Prices.

Management Perception of Risks and Concerns

- In today's challenging and competitive environment, strategies for mitigating inherent risks in accomplishing the growth plans of the company are imperative. The main risks include strategic risk, operational risk, financial risk and compliances and legal risk. The fast technology obsolescence, high cost of manufacturing and taxation are the major risk/ concerns of the business;
- Fluctuations in foreign exchange adversely impacted exports and long term export orders cannot be booked in view of the uncertainty in exchange rates also the fluctuation in exchange rates makes it difficult to purchase machinery from abroad due to uncertainty of the future;
- Adequate availability of raw material at the right prices is crucial for the company. Disruption in the supply or violent changes in the cost structure would affect the profitability of the company;
- Government's periodical announcements for liberalised tariff concessions offered to least developed countries like Bangladesh, Nepal, Bhutan and other countries under South Asian Free Trade Area (SAFTA) is also an area concern.

However, the future for the textile Industry looks promising, buoyed by strong domestic consumption as well as export demand. Free trade with Asian countries and proposed agreements with EU Countries will also help to boost exports. Also the west has started taken India seriously as a potential supplier of polyester yarn apart from china. Rising government focus and favourable policies to support the Industry has led to growth in the Industry.

Internal Control and Management Systems:

Your company has an adequate internal control system. There is a system of continuous internal audit which aims at ensuring effectiveness and efficiency of systems and operations. Your company has the benefit of internal control systems which have been developed over the years and which has ensured that all transactions are satisfactorily recorded and reported and all assets are protected against loss from unauthorised use or otherwise. The process of Internal control and systems, statutory compliance, risk analysis and its management and information technology are taken together to provide a meaningful support to the management process also continuous efforts are being made to strengthen the system.

BLUE CHIP TEX INDUSTRIES LIMITED

INDEPENDENT AUDITORS' REPORT

To the Members of

BLUE CHIP TEX INDUSTRIES LIMITED

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of **BLUE CHIP TEX INDUSTRIES LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information (herein after referred to as "Ind AS Financial Statements").

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Board of Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at 31st March, 2018, and its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

33rd ANNUAL REPORT 2017-18

Other Matters

The comparative figures for the previous year ended 31st March, 2017 included in the financial statement, is based on the Financial Statements for the year ended 31st March, 2017 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by the predecessor auditor who have expressed an unmodified opinion vide their report dated 25th May, 2017. The adjustment to those Financial Statements for the difference in the accounting principles adopted by the Company on transition to Ind AS have been audited by us. Our opinion on the Financial Statements is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement Cash Flow and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act read with the relevant rules issued thereunder.
 - e) On the basis of the written representations received from the directors as on March 31, 2018, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

BLUE CHIP TEX INDUSTRIES LIMITED

ANNEXURE “B” TO THE INDEPENDENT AUDITORS`S REPORT ON THE IND AS FINANCIAL STATEMENTS OF BLUE CHIP TEX INDUSTRIES LIMITED.

(Referred to in paragraph 2 (f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub section 3 of Section 143 of the Companies Act, 2013 (“ the Act”).

We have audited the internal financial controls over financial reporting of **BLUE CHIP TEX INDUSTRIES LIMITED** (“the Company”) as of March 31, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act,2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles , and that receipts and expenditures of the company are being made only in accordance

33rd ANNUAL REPORT 2017-18

with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitation of Internal Financial Controls over Financial Reporting

Because of inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control states in the Guidance Note.

BLUE CHIP TEX INDUSTRIES LIMITED

A. CORPORATE INFORMATION

Blue Chip Tex Industries Limited (the 'Company') is a public limited Company domiciled and incorporated in India under the Indian Companies Act, 1956. The registered office of the Company is 410-411, Kapadia Chambers, 599, Jagannath Shankar Sheth Road, Chira Bazar, Kalbadevi, Mumbai 400 002, India.

The Company is engaged mainly in manufacturing of polyester texturing yarn. The Company has manufacturing plants in Union Territory of Dadra and Nagar Haveli, India and entire sales in Domestic market. The Company is listed on the Bombay Stock Exchange (BSE).

B. SIGNIFICANT ACCOUNTING POLICIES

B.1 Basis for preparation of accounts:

These financial statements are prepared in accordance with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015.

For all periods up to and including the year ended 31st March, 2017, the Company had prepared its financial statements in accordance with Accounting Standards notified under the Section 133 of the Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 ('Previous GAAP'). Detailed explanation on how the transition from previous GAAP to Ind AS has affected the Company's Balance Sheet, financial performance and cash flows is given under Note 40.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements.

Company's Financial Statements are presented in Indian Rupees, which is also its functional currency and all values are rounded off to the nearest Lakh except when otherwise stated.

B.2 Summary of Significant Accounting Policies

a) Property, Plant and Equipment

- Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment losses, if any. All costs, net of recoverable taxes, including cost of financing till commencement of commercial production are capitalised.
- Gains or losses arising from de-recognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.
- Capital work in progress and Capital advances: Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of property, plant and equipment outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.
- Depreciation on Property, Plant and Equipment is provided using straight line method except furniture and fixtures which are depreciated using written down value method. Depreciation is provided based on the useful life of the Assets as prescribed in Schedule II to the Companies Act 2013, except in respect of Texturizing Machines and Compressors where, based on the certification obtained from the Chartered Engineer, the useful life is taken as 25 years instead of 15 years as prescribed in Schedule II. Also, Leasehold Land is amortized over the remaining period of lease.

b) Investments:

The Company has elected to recognize its non-current investments in group entities at cost. The details of such investments are given in Note 2.

c) Inventories:

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of all cost of purchase, cost of conversion and other costs, including manufacturing overheads net of recoverable taxes, incurred in bringing them to their respective present location and condition. Items of Inventories are valued as under:

I. Packing Material and Oil :

At cost, on First-in-first-out (FIFO) basis or net realisable value, whichever is lower.

II. Raw Materials:

At cost, on FIFO basis or net realisable value, whichever is lower.

III. Finished Goods (manufactured):

At cost which includes cost of raw materials determined on FIFO basis plus appropriate share of overhead expenses or net realisable value, whichever is lower.

IV. The stock of stores and spares is charged to revenue in the year of purchase and no adjustment is made for such stocks, if any, at the year end.

d) Employee Benefits :

Short term Employee Benefits are recognised as an expense at the undiscounted amount in the Profit and Loss Account of the year in which related service is rendered.

Unfunded Post employment and other long term employee benefits are recognised as expense in the Profit and Loss Account for the year in which the Employees have rendered services. The expense is recognised at the present value of the amount payable determined using actuarial valuation techniques. Re-measurement of Defined Benefit Plans in respect of post-employment are charged to the Other Comprehensive Income.

e) Tax Expense:

The tax expense for the period comprises current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in equity. In this case, the tax is also recognised in Other Comprehensive Income and Equity.

• **Current Tax**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted at the Balance sheet date.

• **Deferred Tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

f) Revenue Recognition:

- Revenue from sale of goods is recognised when the goods are despatched to the customers, all significant contractual obligations have been satisfied and the collection of the resulting receivable is reasonably expected. The sales are stated net of returns and related taxes.

BLUE CHIP TEX INDUSTRIES LIMITED

- Revenue in respect of insurance or other claims, quantity discount on purchase etc. is recognised only when it is reasonably certain that the ultimate collection will be made.
- Interest Income is recognised on time proportion basis taking into account the amount outstanding and the interest rate applicable.
- Dividend Income is recognised when the Company's right to receive the amount has been established.
- Job work Income is recognised when related services are rendered.

g) Provisions, Contingent liabilities and Contingent assets:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are not recognised, but are disclosed in the Notes. Contingent assets are neither recognised nor disclosed in the financial statements.

h) Impairment of Non-Financial Assets – Property, Plant and Equipment and Intangible Assets:

The Company assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and intangible assets or group of assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

i) Finance costs:

Borrowing costs consists of interest cost and other borrowing costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition and construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the respective assets up to the date when such assets are ready for their intended use. The borrowing cost eligible for capitalization is being netted off against any income arising on temporary investment. All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

j) Government Grants and Subsidy:

Subsidy received from Government is credited to statement of Profit and Loss in the period for which it relates.

k) Foreign currency transactions and Translation:

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

33rd ANNUAL REPORT 2017-18

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets which are capitalized as cost of assets.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in Other Comprehensive Income or Statement of Profit and Loss are also recognised in Other Comprehensive Income or Statement of Profit and Loss, respectively).

l) Lease:

As a Lessee: Lease agreements where the risk & rewards, incidents to ownership of an asset substantially vest with the lessor are recognised as operating lease. Lease rent under operating lease are recognised in the profit & loss statement on straight line basis except where another systematic basis is more representative of time pattern in which economic benefits from the leased assets are consumed.

m) Research and Development Expenditure:

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are charged to the Profit and Loss Statement unless a product's technological and commercial feasibility has been established, in which case such expenditure is capitalised.

n) Financial Instruments

l) Financial Assets

1. Initial Recognition and Measurement

All Financial Assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit and Loss, are added to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting.

2. Subsequent Measurement

i. Financial Assets Measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial Assets Measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. Financial Assets Measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories are measured at FVTPL.

BLUE CHIP TEX INDUSTRIES LIMITED

3. Investment In Subsidiaries, Associates and Joint Ventures

The Company has accounted for its investments in group entity at cost less impairment loss (if any).

4. Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

5. Impairment of Financial Assets

The Company recognises loss allowances for expected credit losses on:

- financial assets measured at amortised cost;

At each reporting date, the Company assesses whether financial assets carried at amortised cost has impaired and provisions are made for impairment accordingly. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The Company measures loss allowances at an amount equal to lifetime expected credit losses, except for the following, which are measured as 12 month expected credit losses:

- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

II) Financial Liabilities

1. Initial Recognition And Measurement

All Financial Liabilities are recognized at fair value and in case borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

2. Subsequent Measurement

Financial liabilities are carried at amortized cost using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

III) Derecognition of Financial Instruments

The company derecognizes a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial Liability (or a part of a Financial Liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expired.

IV) Offsetting

Financial Assets and Financial Liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously

C) CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the Company's Financial Statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial year.

1) Depreciation / Amortisation And Useful Lives of Property Plant and Equipment / Intangible Assets

Property, Plant and Equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

2) Recoverability of Trade Receivable

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include assessing the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

3) Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

4) Impairment of Non-Financial Assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transaction are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

BLUE CHIP TEX INDUSTRIES LIMITED

5) Impairment of Financial Assets

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

D) STANDARDS ISSUED BUT NOT EFFECTIVE

On March 28, 2018, the Ministry of Corporate Affairs (MCA) has notified Ind AS 115 - Revenue from Contract with Customers and certain amendment to existing Ind AS.

These amendments shall be applicable to the Company from April 01, 2018.

i. Issue of Ind AS 115 - Revenue from Contracts With Customers

Ind AS 115 will supersede the current revenue recognition guidance including Ind AS 18 Revenue, Ind AS 11 Construction Contracts and the related interpretations. Ind AS 115 provides a single model of accounting for revenue arising from contracts with customers based on the identification and satisfaction of performance obligations.

ii. Amendment to Existing issued Ind AS

The MCA has also carried out amendments of the following accounting standards:

- i. Ind AS 21 - The Effects of Changes in Foreign Exchange Rates
- ii. Ind AS 40 - Investment Property
- iii. Ind AS 12 - Income Taxes
- iv. Ind AS 28 - Investments in Associates and Joint Ventures and
- v. Ind AS 112 - Disclosure of Interests in Other Entities

Application of above standards are not expected to have any significant impact on the Company's Financial Statements.

E) FIRST TIME ADOPTION OF IND AS

For all periods up to and including the year ended 31st March, 2017, the Company had prepared its financial statements in accordance with the accounting standards notified under Section 133 of the Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 ('Previous GAAP'). The Company has adopted Ind As with effect from 1st April 2017 with comparatives being restated. Accordingly the impact of transition has been provided in the Opening Reserves as at 1st April 2016. The Figures for previous period have been restated, regrouped and reclassified wherever required to comply with the requirement of Ind As and Schedule III. For reconciliation and effect of IndAs Adoption Refer Note 40

Exemptions Availed

Ind AS 101- First-time adoption of Indian Accounting Standards, allows first-time adopters, exemptions from the retrospective application and exemption from application of certain requirements of other Ind AS. The Company has availed the following exemptions as per Ind AS 101

- The Company has elected to consider the carrying value of all its items of property, plant and equipment recognised in the financial statements prepared under previous GAAP and use the same as deemed cost in the opening Ind AS Balance Sheet.
- The carrying amounts of the Company's investments in group entities as per the financial statements of the Company prepared under Previous GAAP, are considered as deemed cost for measuring such investments in the opening Ind AS Balance Sheet.

Actuarial Assumptions	IALM	IALM
Mortality	(2006-08) Ult.	(2006-08) Ult.
Rate of Discounting	7.87%	7.57%
Future Salary increase	5.00%	5.00%
Attrition Rate	2.00%	2.00%

These plans typically expose the Company to actuarial risk such as interest rate risk, longevity risk and salary risk.

Interest Rate Risk: A decrease in the bond interest rate will increase the plan liability.

Longevity Risk : The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk : The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.
